Announcement no. (38)	No. of pages : (1)
Date : 1/11/2010	Attachment : (-)

The QIZ Unit presents its compliments to all the QIZ companies, and has the pleasure to announce you with the following:

- 1. When the company ship/export stock or remaining garments to the US market, The company should do the following steps;*
 - keep and maintain all previous Purchase Orders (P.Os) that belong to those produced quantities which already had been shipped to the US market and keep all related production records and documents to identify the remaining stock quantities that intended to be shipped as Stock Garments to the US market,*
 - Or notify the QIZ Compliance and Technical Assistance department, in order to provide you with the technical assistance needed regarding keeping production records to be fully compliant with the United States Customs & Border Protection – USCBP requirements.*
- 2. When the company accepts Purchase orders for garments labeled for US Brand labels and Trademarks, the company must receive and then keep the original purchase order – (P.O) sent from the US importer or his representative, with the company name written and stated clearly on the (P.O) in addition to all information related to the trade mark and sewing instructions on the P.O to avoid being penalized for I.P.R. and/or Trade Mark violation.*

*Best regards,
Ahmad Anter
Head of QIZ Unit*
